Complete-Hearing.com

Industrial

Construction, Industrial,
and Manufacturing

Hearing Protection that filters noise.
Reducing the volume yet maintaining
sound quality for normal conversation.

Shooter

Hunters and Shooters

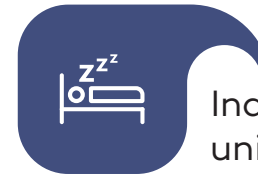

Filtered hearing protection
that permits conversations
while removing the damaging
level sounds.

Water Sport

Surfing, Swimming,
and Water Sports

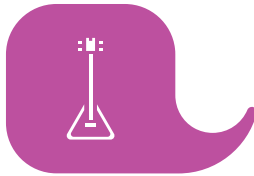

An acoustic membrane allows for
basic communication, while provid-
ing protection from water and wind.

Sleep

Individuals seeking
uninterrupted sleep

A better night sleep with comfort and
a low profile. Use in noisy hotels, on
airplanes or snoring partners.

Music

Concerts;
Performers & Goers

Hearing Protection that lowers the
volume without degrading clarity of
the sound.

Motor Sport

Motorcycle and
ATV Enthusiasts

Specifically made for under
helmets eliminates wind buffeting
and protects hearing.

Power Equipment

Power tools, Chainsaws,
Lawn mowers,

Designed to give the maxi-
mum amount of protection
with a custom-fit device.

Water Bug
