

# Complete Hearing | How to re-pair an iPhone

- 1** To begin:  
**Battery Devices** open & close the battery door on each device.  
**Rechargeable Devices** place each device in charger for 30 seconds and then remove.
- 2** Delete the current pairing. (steps A-G)
- 3** Then, re-pair each device. (steps E, H, I)

\* Be sure to confirm pairing on both hearing devices by pressing 'Pair' twice.

1. Open Battery Doors or Place in Charger
2. Delete Current Pairing
3. Re-pair each device
